SUMMARY

Computer Science student and junior Frontend Developer with hands-on experience building responsive websites using HTML, CSS, JavaScript, and React. Strong background in designing user interfaces with Figma, with the ability to translate designs into responsive, high-quality user interfaces. Always eager to solve technical problems efficiently and see work through to completion.

TECHNICAL SKILLS

Frontend HTML, CSS, JavaScript, React, Responsive Design, Vite, Tailwind CSS
UI/UX Figma, Responsive UI, Design Systems

TOOLS

Git, GitHub, VS Code, npm, Netlify, Figma

PROJECTS

Samir Sameh Academy — Educational Web Platform

[React](#) | [Vite](#) | [Tailwind CSS](#) | [Git](#) | [Netlify](#)

- Built a responsive educational website with reusable frontend components and layouts.
- Implemented navigation, course sections, search, and student-focused pages.
- Used Git/GitHub for version control and deployed the application through Netlify.

Esh7enli — On-Demand EV Charging Service

[Figma](#) | [UI/UX](#) | [Responsive Design](#) | [Product Design](#)

- Designed a mobile-first experience for an on-demand electric vehicle charging service.
- Created user flows for charging requests, location tracking, and payment.

Daily Dose Café

[HTML](#) | [CSS](#) | [JavaScript](#) | [Responsive Web Design](#)

- Developed a responsive website with structured layouts and interactive frontend elements.
- Focused on semantic HTML, responsive behavior, and cross-device usability.

Blooming Flowers

[HTML](#) | [CSS](#) | [JavaScript](#)

- Developed a responsive flower shop website with a clean and visually appealing interface, focusing on product presentation, navigation, and user-friendly design.

Eventify

[Figma](#) | [UI/UX](#) | [Responsive Design](#)

- Designed a responsive event management interface in Figma, creating user flows, organized layouts, and intuitive components for a smooth user experience.

Game Electronic

[HTML](#) | [CSS](#) | [JavaScript](#)

- Developed a responsive electronic games website with organized content, interactive elements, and a user-friendly interface across different screen sizes.

EDUCATION

Modern Academy in Maadi

2023 – 2027

Bachelor of Computer Science

Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, Web Development, Database Fundamentals, Software Engineering

CERTIFICATIONS

- HTML & CSS — Mahara Tech
- English Course — Level A1, Level A2

LANGUAGES

- Arabic: Native
- English: B1 — Good written and spoken communication
